

UC SAN DIEGO ALUMNI

DISTINCTIVELY UNCONVENTIONAL

Face it, Tritons — we're different. We come from a different kind of university. We're not big on bricks and ivy — our league is another entirely. One that stretches across oceans, that dives as deep into the intricacies of DNA as it does of artistic expression. UC San Diego started as a most unlikely enterprise that grew into the world-renowned university you experienced and forged the unique community to which you now belong. Together, our future is a vision we can all share, one we can all make real — and one that will make a real difference.

Our grand vision is to advance UC San Diego and all the people it serves.

For the students who walk in your path with an unparalleled education that is accessible and affordable. For our campus and community through intellectual and cultural offerings, sharing the wonder of the arts, the thrill of scientific discovery, and the marvel of technology. And for the world by fostering the next generation of changemakers and innovators, those who pursue the greater good.

Continuing our alumni legacy means investing in opportunities to propel promising people and programs. We seek support from alumni to invest in student scholarships, to fund innovative spaces and community places, and to seed enterprising initiatives and experiments.

At UC San Diego, we believe that what we don't know today will forever change our tomorrows. Empowered by generosity and fueled by curiosity, we are unafraid to chase the unknown — to ask the questions no one has asked before and to push the boundaries of possibility. Together, we unite diverse people and unconventional perspectives to propel limitless impact. Because we know that when we come together, nothing is beyond us.

UC San Diego

Together with your philanthropic support, we can continue to challenge convention, to be the place where education passes along a spirit of curiosity and boldness to question tradition.

Our history of distinction rests upon you. You made this university as much as it made you. And we invite you to keep unmaking history with us.
