

UC San Diego Health

Put Your Gratitude
into Action

Help Lead the Way

Giving back is a meaningful way to express gratitude for the care you or a loved one has received at UC San Diego Health — and it makes an impact for patients now and in the future.

Philanthropic support empowers our physician-scientists and care teams to provide world-class care and innovative treatments that improve health for patients in our community and around the globe.

Together, we can create a healthier world — one life at a time — through new science, new medicine and new cures.

There are many ways to give back — including making a gift in honor of a loved one or a special health care provider.

We invite you to contact us to learn more about how you can make a gift with the potential to:

- **Enhance the care experience** in clinical areas across our health system.
- **Advance research and fuel discoveries**, which translates to better diagnosis and treatment for our patients.
- **Train the next generation** of compassionate health care leaders.
