NAMED GIVING OPPORTUNITIES

EMPOWERING LIMITLESS IMPACT THROUGH PHILANTHROPY

NAMED GIVING OPPORTUNITIES

UC San Diego's generous donors are essential to supporting critical programs and the recruitment and retention of promising students and distinguished faculty.

Gifts to UC San Diego from our philanthropic partners allow us to unite diverse people and unconventional perspectives to propel limitless impact. A variety of giving opportunities exist across campus to honor and recognize donors who support our students, faculty, programs and research.

ENDOWED GIFTS

The permanent and sustained nature of endowed gifts makes them uniquely impactful by benefiting people and programs now and creating a stable foundation for planning and future growth.

An endowed fund is created with a gift that is held and invested in perpetuity by The Regents of the University of California and the UC San Diego Foundation to generate a permanent expendable income stream for a purpose of the donor's choosing. The total return earned by the endowed fund, less the payout provided for the designated purpose, is retained in the principal of the endowed fund to protect the fund from the effects of inflation and to allow for growth.
