

RADY SCHOOL OF MANAGEMENT DEAN'S CIRCLE

GIVING TOGETHER

The **Dean's Circle** at UC San Diego Rady School of Management is a philanthropic leadership society for alumni, community leaders, and changemakers who are dedicated to advancing Rady's mission while strengthening ties between the school and the broader business community.

As the business school of UC San Diego, we at the Rady School believe in the power of rigorous discovery. Our STEM-designated programs are intensely hands-on, innovation-focused, and inspired by our faculty's cutting-edge research. We aim to contribute to a more equitable, knowledgeable, and prosperous society as we advance business by generating meaningful research and educating principled, innovative leaders.

The Dean's Circle plays a crucial role in ensuring Rady's continued success as a training ground for the next generation of business leaders. Through their support of graduate fellowships, Dean's Circle members provide access to educational opportunities and recognize outstanding students that personify the Rady School's core values of innovation, impact, collaboration, integrity, risk-taking and cultivating diversity in business.

"As a member of Rady's inaugural class, I'm committed to increasing access to a terrific Rady education and improving career outcomes for Rady graduates through my philanthropy. Together, we can ensure Rady remains at the forefront of shaping tomorrow's business leaders."

- Martin Sabarsky (MBA'06), Chair of the Dean's Circle

At UC San Diego, we believe that what we don't know today will forever change our tomorrows. Empowered by generosity and fueled by curiosity, we are unafraid to chase the unknown — to ask the questions no one has asked before and to push the boundaries of possibility. Together, we unite diverse people and unconventional perspectives to propel limitless impact. Because we know that when we come together, nothing is beyond us.
