

STUDENT HEALTH AND WELL-BEING BUILDING

RECOGNITION OPPORTUNITIES

At UC San Diego, we let curiosity drive us toward discovery. And that ethos extends to the health of our campus community. The new Student Health and Well-Being Building will bring together innovative research and leading-edge clinical care to ensure our students, faculty and staff have access to the very best care in one place. Designed to build collaboration and ensure seamless care delivery, this new building will be the centerpiece of our student-centered model of care.

UC San Diego

At UC San Diego, we believe that what we don't know today will forever change our tomorrows. Empowered by generosity and fueled by curiosity, we are unafraid to chase the unknown – to ask the questions no one has asked before and to push the boundaries of possibility. Together, we unite diverse people and unconventional perspectives to propel limitless impact. Because we know that when we come together, nothing is beyond us.

STUDENT HEALTH AND WELL-BEING BUILDING

Leadership gifts will support our commitment to inclusive, comprehensive health care access for our entire campus community.

The Student Health and Well-Being Building will unite Student Health Services, Health Promotion Services, Counseling and Psychological Services, and the College Mental Health Program, among others, to collaborate and provide services that help students, faculty, staff and more enjoy better health now and long into the future.

Opportunities abound within the Student Health and Well-Being Building to honor and recognize our philanthropic partners who seek to provide a space for all Tritons to receive the integrated care they need to thrive.
